

## 1 Team

Team Members	d8z9a
Kaggle Team Name	me and i

## 2 Solution Summary

*In no more than several paragraphs summarize the approach you took to address the problem.*

## 3 Experiments

*In this section report, in less than two pages, describe in technical terms the training procedures you used, including how you went about feature selection, hyperparameter value selection, training, and so forth. Plots related to hyperparameter sweeps and other reportable aspects of your training procedure would be appreciated.*

## 4 Results

Team Name	Kaggle Phase 1 Score	Kaggle Phase 2 Score
<i>the name of your team</i>	<i>your Phase 1 Kaggle score</i>	<i>your Phase 2 Kaggle score</i>

## 5 Conclusion

*Describe what you learned and what you would have done were you to have been given more time in a few paragraphs.*
